Hello everyone!

The Online Qualification Round for [Hash Code 2018](#) has finally arrived! Starting at 18:00 CET, you'll be able to access the live stream on [this page of our website](#). **The official announcement will start at 18:30 CET.**

As we countdown to 18:30 CET, we'll be showing some of our favorite videos from [Nat & Friends](#), who go behind the scenes at Google to explain and demystify technology in a fun way. We hope you enjoy them!

Remember that **your team needs to be formed in the Judge System before the round starts at 18:30 CET**. We also recommend that you triple check that you can access the Judge System: <https://hashcodejudge.withgoogle.com>.

We're excited that so many of you have signed up to participate! Regardless of how challenging or easy you find tonight's problem, remember that the most important thing is to work together and have fun, and hopefully learn something new along the way.

**We'll join you again via livestream tonight shortly after the Judge System closes at 22:30 CET to share highlights and announce winners from the round.** We know it will be late, but we hope you can tune in! [You can access the closing livestream here](#).

If you have questions about the competition, please read the [FAQ section of our website](#). If your question isn't answered there, please email us at [hashcode@google.com](mailto:hashcode@google.com).

See you tonight!

Cheers,  
Nirali from the Hash Code team
